

The background is a sepia-toned landscape painting. It depicts a wide river flowing through a valley. In the middle ground, a stone bridge with multiple arches spans the river. To the left of the bridge, on a grassy bank, stands a small, dark-roofed house. The foreground is filled with dense, dark foliage and trees. The overall tone is warm and historical, with a focus on natural beauty and architecture.

Design Ludovica+Roberto Palomba

Un progetto che nasce dallo scopo di unire leggerezza e comodità nella vita en plain air, andando a ridisegnare situazioni che trasmettano sensazioni di intimità e relax, sempre nel massimo rispetto dell'equilibrio ma soprattutto della proporzione. La struttura in acciaio inossidabile è il fil rouge del progetto, totalmente rivestita da un intreccio in corda leggermente imbottita. Un design avvolgente, che per i materiali utilizzati, strizza l'occhio al mondo della nautica. Alla leggerezza visiva della struttura intrecciata fanno da contrappunto cuscini di seduta e schienale generosamente imbottiti.

A project that was created with the aim of combining lightness and comfort in life in the open air, redesigning situations that convey feelings of intimacy and relaxation, always with the utmost respect for balance but above all for proportion. The stainless steel structure is the fil rouge of the project, totally covered with a slightly padded rope weave. An enveloping design whose materials are reminiscent of the nautical world. The visual lightness of the woven structure is counterpointed by generously padded seat and back cushions.

Argo collection // Wood

Design Ludovica+Roberto Palomba

Collezione ispirata al tema della scatola di legno, si presenta con un linguaggio rigoroso, pulito e geometrico, caratterizzata da grandi fascioni laterali che contengono la cuscinatura e rendono la seduta profonda ed accogliente. A questo gioco abbiamo voluto unire dei piedi a slitta creando così una magica sospensione dell'imbottito e delle proporzioni. La collezione si arricchisce con un imbottito dalla forma scultorea, caratterizzata da un avvolgente volume intrecciato. Generose le sedute imbottite e il particolare piede in legno che dialoga perfettamente con gli altri elementi della collezione.

Argo collection is inspired by the theme of the wooden box and shows a rigorous, clean and geometrical language. The collection is characterized by big lateral waistbands that contain the cushions and make the seat deep and cosy. To this play we intentionally added a sledge base in order to create a magical suspension of padding and of proportions. The collection is enriched by a padding with sculptural shape, whose peculiarity is an all-embracing intertwined volume. The abundant padded seats and the particular wood feet, perfectly dialogue with the other element of the collection.

Argocollection // Alu

Design Ludovica+Roberto Palomba

Argo, un nome evocativo, ricorda l'antica e mitologica nave che veleggiò tra le isole greche alla ricerca del vello d'oro. Argo alluminio è un sistema di arredi outdoor che coniugano una grande ricerca estetica e una grande libertà sul piano compositivo. Argo è un progetto caratterizzato da un'estetica contemporanea; alla rigorosa struttura in alluminio si contrappone la generosità dei cuscini imbottiti. La struttura rivestita in cinghie elastiche ne sottolinea le forme profonde ed accoglienti, ad essa sono uniti dei piedi a slitta che creano una magica sospensione dell'imbottito e delle proporzioni.

Argo, a mythological name, that is inspired by the mythological wooden boat that sailed around the Greek islands, in search of the legendary golden fleece. Argo aluminum is an outdoor furnishing system that is a perfect match of a great aesthetic experimentation and extraordinary versatility in terms of personalization. Argo is a project characterized by a contemporary aesthetic. The generous size of the upholstered cushions offsets the austerity of the aluminum structure. The frame covered by elastic belts emphasises the deep and cosy shapes which characterize the collection, magically suspended on the sledge feet which create a perfect balance between the upholstery and the shapes of this new modular sofa.

Cruisecollection // Teak

Design Ludovica+Roberto Palomba

Ispirata al mondo della nautica, la collezione Cruise nasce dal desiderio di rievocare le emozioni uniche che solo una traversata nei mari più belli del mondo può regalare. L'uso di materiali nobili come il legno nella base, associato ad un'accurata selezione dei tessuti, conferisce un appeal elegante sofisticato all'intera linea. La corda, vera protagonista, avvolge schienali e braccioli di ogni elemento di seduta della collezione: poltrone living, divani modulari o a struttura fissa e poltroncine pranzo.

Inspired by the nautical world, Cruise collection is built upon the desire to recall the unique emotions of sailing in the most beautiful seas in the world. The use of fine materials, such as the wood in the base, and an accurate fabrics' selection convey to the entire collection an elegant and sophisticated appeal. The rope plays the lead role in this collection and is intertwined with the armrests and backrests of every seating element: living armchairs, fixed and modular sofas and dining armchairs.

Design Ludovica + Roberto Palomba

L'eleganza e il sofisticato appeal della collezione Cruise Teak unite alla contemporaneità dell'alluminio delle strutture danno vita alla Cruise Alu. La collezione è caratterizzata da una base in alluminio con piedini pressofusi. La tecnica della pressofusione ha permesso di progettare nel dettaglio il piede che si fa elemento distintivo della collezione donando all'imbottito e ai tavoli un maggiore impatto estetico.

The elegance and the sophisticated appeal of the Cruise Teak combined to the modernity of the aluminium frames give life to the Cruise Alu. The collection is characterized by the use of an aluminium base with die-cast aluminium feet. Die-casting process allows to design accurately the foot, that becomes a distinctive element of this range and improves the aesthetic impact of sofas and tables.

Cliffcollection

Design Ludovica+Roberto Palomba

Nata dall'incontro tra accostamenti materici inaspettati e dalla ricerca di linguaggi sempre nuovi, la collezione Cliff è sinonimo di grande versatilità. I dettagli, realizzati con corde nautiche intrecciate e tessuti dai motivi geometrici, creano un senso di giocosità con un tocco super glamour. La varietà cromatica unita alla modularità delle strutture consente di disporre gli elementi in assoluta libertà, generando infinite possibilità di combinazione.

Cliff collection is based on the combination of different materials, born from the research of new ways of expression. It is synonymous of great versatility. The details, made with intertwined nautical cords and geometric-patterned fabrics, create a sense of playfulness with a super-glamorous touch. The chromatic variety combined with the modularity of the structures makes it possible to arrange the elements in absolute freedom, generating infinite combination of possibilities.

Leafcollection

Design Marco Acerbis

Una collezione che si ispira alla natura con cui il mondo outdoor dialoga costantemente. La leggerezza dei petali di un fiore e la loro eleganza sono stati l'incipit per una nuova collezione dove alle proporzioni curate ma generose si unisce il comfort di una cuscineria di grande morbidezza e sensualità. I piedini sono snelli e slanciati per creare un forte senso di sospensione della cuscineria dei divani che sembra galleggiare nell'aria come un fiore sul suo gambo. Tutti questi dettagli e queste sensazioni sono poi naturalmente trasportate nello sviluppo dell'intera collezione che comprende il tavolo, i tavoli da caffè, le sedie ed il lettino prendisole.

Leaf is a collection inspired by nature, with which the outdoor world is in constant dialogue. The lightness of a flower's petals and their elegance have been the incipit for a new collection where the careful but generous proportions are combined with the comfort of cushions of great softness and sensuality. The feet are slender and slender to create a strong sense of suspension of the sofa cushions that seem to float in the air like a flower on its stalk. All these details and sensations are then naturally carried over into the development of the entire collection, which includes the table, coffee tables, chairs and sun lounger.

Scacco collection

Design Ludovica + Roberto Palomba

È grazie all'intreccio che la corda disegna nel frame metallico che nasce la Scacco collection, divano modulare che fa delle rotondità degli imbottiti la sua cifra stilistica. Il gioco che si crea fra la parte anteriore, in cui prevalgono tessile ed imbottito, e la parte posteriore, dove "lo scacco" diventa protagonista, è ciò che denota il forte carattere del divano.

Scacco collection is born from the weave created by the rope on the metal frame. A modular sofa whose main stylistic feature is the paddings' roundness. The strong personality of this sofa is the result of the contrast between the frontal part, in which the textile and the paddings stand out, and the back, where the "check" pattern is the key element.

CleoSoftcollection // Wood

Design Marco Acerbis

Le parole chiave della collezione “Cleo” si possono riassumere in volume, forma ed equilibrio. È una composizione che facilmente si declina in modi diversi ma sempre con un senso di calma, eleganza e semplicità. L’equilibrio si fonda principalmente sulla contrapposizione tra il divano, dal carattere rigido e geometrico e una nuova cuscineria morbida di grande accoglienza e comfort.

Volumes, shapes and balance are the key elements of Cleo collection. It is a composition of objects that can be arranged in multiple layouts but always maintaining a sense of calm, elegance and simplicity. The balance is based on the contrast between the sofa, with its rigid and geometric character, and a new soft cushions of great welcome and comfort.

Cottagecollection

Design Ramón Esteve

Lo spirito rustico viene reinterpretato cercando la sintesi formale del mobile contemporaneo. Il risultato è una proposta di arredi da esterno in cui i materiali moderni come l'alluminio e i tessuti tecnici convivono con quelli più tradizionali come la corda, stabilendo relazioni emotive con la mente dell'utente finale.

The countryside mood is redesigned aiming at searching the formal synthesis of the contemporary furniture. The result is a proposal of outdoor furniture pieces, where modern materials such as aluminium and technical fabrics co-exist with more traditional ones, such as the rope, that emotionally connect user's mind.

Dominocollection

Design Marco Acerbis

Eleganza e Bellezza. Freschezza e Grazia. Domino è la vera consacrazione dell'artigianalità che diventa arte, con una cura senza eguali del dettaglio. Dal particolare uso del legno che si fonde tra tessuto e alluminio, nasce un prodotto che supera il vecchio concetto di mobile da esterno. Poltrone, divani e tavoli, mobili destinati a durare nel tempo. Pratici da utilizzare e dall'allure sofisticata.

Elegance and Beauty. Freshness and Grace. Domino is the real consecration of craftsmanship that becomes art, with an extraordinary attention to detail. Domino collection goes beyond the old idea of outdoor furnitures, thanks to the wise use of the wood integrated with fabrics and aluminium. Armchairs, sofas and tables that aim to last in time. Practicality and high style are the keys.

Materials

Alluminio: Grazie alla fusione di più leghe di alluminio che ne garantiscono solidità, maneggevolezza ed inattaccabilità alla ruggine, è un materiale di elavata qualità e permette di raggiungere i massimi risultati qualitativi ed estetici.
Inox: L'acciaio inossidabile è un materiale che, grazie alla sua alta resistenza alla corrosione e alle caratteristiche meccaniche di rilievo, risulta maggiormente duraturo e affidabile nel tempo.
Acciaio: Lega di ferro e carbonio con percentuale di carbonio inferiore al 2% trattata per resistere agli agenti atmosferici con il processo della cataforesi e verniciatura a polvere.

Manutenzione: Per mantenere a lungo il prodotto in buone condizioni, consigliamo una corretta pulizia periodica, particolarmente frequente in località caratterizzate da forte umidità e clima marino. Si raccomanda di pulire le superfici con un panno morbido utilizzando acqua o detergenti neutri. Prolungate ed ininterrotte esposizioni a intense radiazioni UV o a temperature molto rigide possono incidere sulle caratteristiche iniziali del rivestimento estetico colorato costituito da poliestere. Consigliamo di pulire e conservare in luoghi riparati i prodotti durante periodi d'inutilizzo prolungato e invernali.

Aluminum: Thanks to the fusion of several aluminum alloys that guarantee solidity, manageability and rust resistance, it is a material of high quality and allows to reach the maximum qualitative and aesthetic results.
Inox: Stainless steel is a material that, thanks to its high resistance to corrosion and to the mechanical characteristics of relief, is more durable and reliable over time.
Steel: Iron and carbon alloy with carbon percentage less than 2% treated to resist to the atmospheric agents with the cathoresis process and powder coating.

Maintenance: To keep the product in good condition for a long time, we recommend a regular cleaning period, particularly frequent in places characterized by high humidity and marine climate. We recommend cleaning the surfaces with a soft cloth using water or neutral detergents. Prolonged and uninterrupted exposures to intense UV radiation or at very low temperatures can affect the initial characteristics of the colored polyester coating. We recommend cleaning and storing products in sheltered areas during long periods of non-use and winter.

Teak: Materiale di elevata qualità ideale per la realizzazione di mobili da esterno perché estremamente resistente ai cambiamenti di temperatura, all'acqua, all'umidità e alla salsedine.

Accoya è una nuova varietà di legname di eccezionale durabilità, questo legno dalle elevate prestazioni viene prodotto con materie prime sostenibili e gestite in maniera ottimale, non è tossico ed è inoltre dotato di una stabilità dimensionale e di una durabilità in grado di superare quella dei migliori legni duri tropicali.

Trattandosi di un materiale naturale si potrebbero osservare variazioni di colore o anche crepe dovute al grado di umidità ed ai bruschi cambiamenti di temperatura. Qualora non ricevesse alcun trattamento di manutenzione, mediante l'applicazione periodica di comuni e specifici protettivi a base olio, la superficie potrebbe prendere una patina grigio argento che potrà essere eliminata con una leggera carteggiatura superficiale e successiva lucidatura con panno di iuta. Piccole macchie superficiali dovute ad olio o altri prodotti alimentari dovranno essere rimosse tempestivamente, prima che il legno possa assorbirle in profondità, carteggiando la superficie interessata e lucidandola successivamente con un panno di iuta.

Teak: High quality material suitable for outdoor furniture because it is extremely resistant to changes in temperature, water, humidity and saltiness.

Accoya is a new variety of wood characterized by an exceptional durability. This wood shows very good performances and is produced with sustainable row material, managed in an optimal way. It is not toxic and it has got a dimensional stability. Its durability is much higher than the one of the best hard tropical wood.

Being a natural material, colour variations or even cracks due to the degree of humidity and sudden changes in temperature may be observed. If no maintenance treatment is received, through the periodic application of common and specific protective oil-based, the surface may take a silver-gray patina that can be easily removed with a light surface sanding down and subsequent polishing with a jute cloth. Small superficial stains due to oil or other food products must be removed promptly, before the wood can absorb them in depth, sanding down the affected surface and then polishing it with a jute cloth.

Ottenute mediante la tessitura di materiali sintetici studiati per permette di essere usata all'esterno.

Si consiglia di evitare il contatto prolungato con sostanze grasse e/o coloranti che potrebbero venir assorbite dal materiale di rivestimento e dare luogo, di conseguenza, a macchie permanenti e rischiare di deteriorare la struttura del filato. Si consiglia di evitare l'utilizzo di solventi. Utilizzare acqua e detergenti liquidi non abrasivi con PH neutro ed incolori.

Obtained through the weaving of synthetic materials especially conceived outdoor use.

We recommend to avoid prolonged contact with greasy substances and / or dyes which could be absorbed by the covering material used and consequently cause permanent stains and risk to deteriorate the structure of the yarn. It is advisable to avoid the use of solvents. Use water and non-abrasive liquid detergents with neutral PH and colourless.

Una delle pietre più pregiate e maggiormente impiegate in outdoor è sicuramente il marmo. Il marmo, grazie alla sua particolare composizione e natura, è una pietra poco porosa e poco assorbente, durezza e resistenza, fanno del marmo una tra le pietre più pregiate e durevoli nel tempo. La formazione del marmo avviene mediante un processo metamorfico di cristallizzazione: il carbonato di calcio, venendo in contatto con le rocce sedimentarie, dà vita ad un insieme di cristalli di calcite e minerali vari, i quali ne determinano il colorito.

Per mantenere la lucentezza del marmo e del granito è necessario detergere giornalmente le superfici: è sufficiente diluire il sapone neutro in acqua tiepida. Le superfici dovranno essere strofinate per mezzo di una spugna o un panno morbido. Sarà sufficiente risciacquare con un panno umido, prestando attenzione a non lasciare i fastidiosi aloni di detergente.

Marble is certainly one of the most precious and used stones for the outdoor. Marble, thanks to its particular composition and nature, is a little porous and not absorbing stone, hardness and resistance, making marble one of the most precious and durable stones in time. The marble formation takes place by means of a metamorphic crystallization process: calcium carbonate, coming into contact with the sedimentary rocks, gives rise to a set of crystals of calcite and various minerals, which determine the complexion.

To maintain the shine of marble and granite it is necessary to clean the surfaces daily: it is sufficient to dilute the neutral soap in warm water. The surfaces must be rubbed with a sponge or a soft cloth. It will be sufficient to rinse with a damp cloth, being careful not to leave detergent stains

Il gres porcellanato, grazie alle sue eccellenti propriet  fisiche e meccaniche, risulta essere ideale per uso esterno, essendo inattaccabile dagli agenti atmosferici e inalterabile ai raggi UV. Tale materiale viene ottenuto tramite il processo di sintetizzazione di argille ceramiche, feldspati, caolini e sabbia.

Per la pulizia dei piani in gres si consiglia l'utilizzo di un panno inumidito con acqua e detergente neutro da risciacquare ed asciugare con un panno asciutto. Nella fase di lavaggio porre particolare attenzione al fine di evitare l'accumulo di sporco o calcare.

Porcelain stoneware, thanks to its excellent physical and flexural strenght, turns out to be ideal for outdoor use, being unaffected by atmospheric agents and unalterable to UV rays. This material is obtained through the synthesis process of ceramic clays, feldspars, kaolins and sand.

For the cleaning of stoneware tops it is advisable to use a damp cloth with water and a neutral detergent to be rinsed and dried with a dry cloth. During the washing phase, pay particular attention to avoid the accumulation of dirt
